

Stephen Choi, B.A.Sc.

Manager of Technical Services, Western Canada,

Ideacia ONE Inc. Group of Companies:
R&D ONE, Strategic Marketing ONE, and
M&A ONE

Stephen Choi thrives on working within an innovative, multi disciplinary, and fast paced environment.

During Stephen's co-op year, he was employed at a coveted metallurgical engineering intern position at Stackpole Ltd. Stackpole specializes in the manufacture of net shape steel powder components for transmission gears and oil pumps. At Stackpole Stephen was engaged in research and development in the commission and operation of fatigue test jigs, as well as complete metallurgical and root cause analysis of failed prototype parts.

Stephen was also engaged with the championship winning University of Toronto Formula SAE racing team, where he acquired knowledge of every aspect of racecar design and manufacture, from suspension geometry to engine building.

Accepting a position at a competing SR&ED firm, Stephen held the position of Technical Consultant, SR&ED Specialist where he successfully worked with small and medium sized privately held corporations providing expertise in research and development tax planning, management of client claims from initiation through to CRA review if required.

Stephen has obtained his Bachelor of Applied Science (B.A.Sc.) in Materials Science and Engineering from the University of Toronto and is working towards obtaining his Professional Engineer of Ontario (P.Eng) designation. He also holds a Metal Machining Certification from George Brown College and is a Cisco Certified Network Associate (CCNA).

Stephen is fluently bilingual in English and Chinese Cantonese.

Offices located in Toronto, Ottawa, Montreal, Moncton, and Vancouver
